- Do not overload.
- Attach the clamp firmly to a stable music or microphone stand which is on a flat surface and properly balanced to prevent tipping.
- Tighten the clamp enough to hold securely, but do not over-tighten as this may damage the stand or the holder.
- Adjust the holder so the tablet is at a comfortable viewing angle. Keep the tablet clear of moving parts or areas where it could be knocked over.
- Route charging or audio cables safely to avoid tripping hazards. Do not allow cables to pull on the tablet or holder.
- Use indoors or in dry environments only. Keep away from moisture, extreme heat, or direct sunlight for prolonged periods.
- Do not apply excessive force when inserting or removing the tablet. Always support the tablet with one hand while adjusting the holder.
- Check the clamp and joints before each use for wear or looseness. If you notice any damaged parts stop using immediately and contact customer support.
- Keep out of reach of children and pets to prevent accidental tipping or damage.
- Remove the tablet before moving the stand to avoid dropping or damaging the device.
